Application Form

Thank you for your interest in adopting with us!

Adoption Process

Our main goal is to find a forever home for our dogs and to ensure they are placed in homes best suited for them.

The first step of the process is to fill out an adoption application. We ask questions about your family, lifestyle and expectations. We would then set up a telephone conversation to determine if the dog you are interested in is the best fit for you and your lifestyle. We will check your references and plan a home visit.

Adoption Fee

Adopting a dog is a serious commitment. Our dogs, all dogs, need a home, stability and protection. By charging an adoption fee we ensure that the process is taken seriously. Owning a pet means providing essentials such

Porto Rafti Dog Rescue and Refuge -

as a balanced diet, licensing, socialization, prevention and vaccinations. We ensure our dogs are spayed or neutered, micro-chipped, and fully vaccinated.

Adoption Application

Adopting a rescued dog is a serious commitment and a decision to proceed should be carefully considered.

We will require the name and phone number of your Veterinarian (or potential veterinarian) and two personal references that are not family members.

Please be sure to advise them that they will be contacted by a representative for Porto Rafti Dog Rescue and Refuge

If you have pets now or had pets in the past, your most recent Veterinarian information is required. If you have never owned a pet before then the veterinary clinic you plan on using is required instead.

Fees and Conditions: Our fees are \$300 CAD (includes taxes).

Covid-19 update: 1/2 is due when we can confirm date of transport to Canada and before we prepare the adopted dog for the trip. The 2nd 1/2 is due when we deliver the dog in your hands.

We are committed to helping families rescue our dogs, which is why we will contribute to part of the cost of

January 27, 2020

getting them here. But we appreciate any additional support or donations to allow us to continue to help others get here!

Below are the approximate costs associated with the transfer one dog to Canada:

- **Transportation from Greece up to \$300 CAD**
- **Microchip, vaccinations and passport \$220 CAD**
- **Crate cost \$140 CAD**
- **Total \$660 CAD**

Please fill up the Adoption Form and send by to us by email: tanyapapadopoulos@mac.com

Thank you,

**Tanya Papadopoulos
